

# connecting with KINGWOOD

## Building on Communications

In my 34 years within the Banking Industry, the New Jersey State Police, the Office of Homeland Security as well as the Hunterdon County Sheriff's Office, I was afforded many opportunities to have worked alongside so many talented women and men.

My experiences of fiscal oversight and management of peacekeeping taskforces for Hurricane Sandy & Katrina along with financial leadership during Super Bowl XLVIII, has helped me bring together our partners from the private, corporate, state and federal agencies to develop and implement long-term strategies for public safety!

Years of volunteering in community service afforded me the opportunity to teach in our places of worship and schools, counsel many from various professions and advocate for those with mental illness.

These experiences helped me to grow, understand and listen so that I can communicate in a more effective manner.

Past working relationships while serving as Chief within the New Jersey State Police:

## Fiscally Forward

Maintaining a strong working relationship with our community leaders on the county, state and federal levels so that Kingwood can benefit from funding opportunities. With over 30 years of fiscal oversight, I have provided fiscal prudence as a professional, in an elected, appointed and volunteer capacity. I have served on local, County school boards and non for profit organizations within Hunterdon County, the State of New Jersey and across the Country.

I would like to hear from you! I am committed to increasing communication throughout Kingwood, please scan the QR Code with your phone's camera and answer a brief questionnaire.

## Living in Kingwood

With over 40 years of farming experience in Kingwood, I am thankful for the hard work and efforts of everyone in our community in working to preserve thousands of acres. I truly believe that these preserved acres help support our community and have helped make Kingwood a wonderful place to live, raise our families, work, play and retire.

I am truly grateful for Kingwood's charmed open space, and I am looking for the continued support of the county and state officials.

It is time to examine smart growth initiatives including investing in our Route 12 and 29 corridors.

With your help, it is my goal that we continue to invite businesses to Kingwood for its charm as well as to promote our rural community sensitive, economic development potential.
